RTS TRAINERS NETWORK

This comprises the pool of excellence in the RTS project concerning the relay of the highest quality training PARTICULARLY to the churches and other catchment fields. As disclosed in the RTS manual, such are the experts classified to be used within the project to carry out consultancy jobs and to fit into the different strategic responsibilities of the project.

WHY TRAINERS?

Linked to the RTS project is the important aspect of making rich operational information to reach the churches: **Setting up of a team of experts to interpret the contents of this book at small and then at large scale.** Empowering churches that are enrolled or accredited to start implementing the project in their churches. This is a training ground for prospective high profile workers of the project.

WHO ARE THEY?

The RTS trainers are recruited from the pool of vision bearers that work initially closely with the PS and get a clear picture of the vision of the perfection ministry. They may either be volunteers or hired experts of the project as the life of the project evolves. **Only participants that are endorsed by their accredited pastors and or have completed the online PMTI course will be accepted for this position.** A candidate can otherwise cause his church to register for RTS project accreditation while seeking to become registered as a trainer.

Registration

To register as a trainer in the trainers program, you have to fill an online registration form and submit to pmre@perfectionministry.org. Remember your pastor will have to

endorse your registration by giving you the church registration number where you are currently worshipping. You will fill this number into the registration online form. The research office will in tend send a letter informing your pastor of your registration. Direct registration into the trainers' program RTS project can also be applied to candidates of the Perfection Ministry Training Institute. Contact them at pmti@perfectionministry.org. All interested persons should fill this information online.

CLASSIFICATION

Our RTS trainers are classified online with their locations and profile information as by the research department of the permanent secretariat;

- >> Platinum super scale= >>1000,000 pts
- >> Platinum trainers =1000,000 pts
- >> Gold=100,000 pts
- >> Silver=10,000 pts
- >> Bronze=1000 pts

Besides the cumulated points however, a reclassification condition is to score points in relevant areas of the project; attending conferences at any level, organizing training sessions locally, distribution of RTS books, mentoring other trainers, conducting advocacy to include churches into the project at all levels. This applies as from the gold classification. This means that a trainer is classified as a gold trainer only after doing each of the five key activities of the project.

You will also be given 1/10th of the scores of all your officially mentored actors of the project as you build on others to become builders.

Although this information is available online, the general public cannot have access to it, the trained experts on the other hand have information on their individual rankings internationally, in their region sub-region and zones. This helps them to remain constantly active to display competence to others in their location and the world at large.

2) ORGANISING LOCAL TRAINING MEETINGS MAXIMUM REQUIRED reclassification SCORE=60%					
NUMBER OF PARTICIPANTS		INTERNATIONAL	REGIONAL	SUB-REGIONAL	ZONAL
		P	P	P	P
1	<20	1000	1000	100	100
2	20-50	10000	10000	1000	1000

: Sub-regional = At least one participant from two zones of the RTS network.

: Zonal = At least one participant from two churches of the RTS network.

NB: Power point presentations are available in the website library for free download as resource material to assist all registered trainers during their activities. All they need to do is to register other trainers in their network and start working with them.

NB: Trainers should not stop their rivals in other regions from growing; they should always invite the best candidates from other areas to their trainings until such are reclassified.

RTS experts will receive finances to carry out this activity mainly through the corresponding RTS office at their level of operation. The RTS 1% finances will be used to support the best experts depending also on the quality of their written project requests and strategic importance of the meetings to the project at that level.

The trainers are equally encouraged to seek local financing from their own contributions as well as donations and gifts.

INDICATORS: To update profile, such a trainer forwards the required information comprising minutes of meetings, attendance sheets STATING PROFILE OF PARTICIPANTS and pictures or videos to the RTS research sub-directorate psre@perfectionministry.org.

NB: Only one best quality meeting is considered for reclassification per year. **All participants to meetings must be registered members of the RTS project trainers program.**

5	>8000	SUPER SCALE 10 PTS PER BOOK	SUPER SCALE 10PTS PER BOOK	SUPER SCALE 1PT PER BOOK distributed	

NB: For hard copies, the trainer orders copies of book and distributes in his or her Christian or other network. The scoring will correspond to the number of orders done through the research sub-directorate.

Soft copies of the RTS manual are free of charge and can be downloaded anytime from the library of the perfection ministry website and distributed to Christians by email. The soft copy of the Holy Spirit's money however will be bought at least once and transmitted in soft (pdf form) in similar manner. Proof of dissemination of both books is then sent to the RTS sub-directorate for profile updates. Make sure therefore that you monitor and count all your tasks and activities.

4) MENTORING

MAXIMUM REQUIRED reclassification SCORE=70%

The RTS encourages all trained experts to mentor others to grow in the RTS project trainers' network. Each trainer will be given bonus scores of 10% for the performances of their registered trainers up to a maximum score of 50%. Such trainers will then receive 1% each up to 70% maximum score for mentoring in the current classification.

The sub-directorate automatically calculates and updates the profile of trainers based on the number and performances of registered trainers in their mentoring network.

The mentoring revelation I received from my father in the lord which I now use this forum to give impartation to them who are also sons of God. We are not sent to the lost sheep (though our ministry touches all) but to those that are partakers in the divine.

Isaiah 32:15 Until the spirit be poured upon us from on high, and the wilderness be a fruitful field, and the fruitful field be counted for a forest.

This project will only succeed after the entire universe is covered with the word of God and the children of God that are products of evangelization come together as one family and share according to the lord's command in the law.

INDICATORS: All the trainers send information including request letter to meet church leader, RDV appointment, pictures, identification and address of church etc. Also registration of church with trainers name attached as facilitating officer.

NB: Pastors of churches are also encouraged to join the trainers program and themselves advocate for the projects goals. This will help them also to grow in the responsibility pool of the RTS actors.

<p>TRANSLATION OF OTHER LANGUAGE SPEAKERS INTO THE RTS PROJECT</p>

BONUS POINTS: This area is not mandatory for reclassification. Apart from the other areas, bonus points will be awarded to RTS trainers that will connect the project to other language speakers. This will enable expansion of the project to other unreached territories of the world.

USE OF TRAINERS IN THE RTS PROJECT

The different RTS offices should make use of the human resources accredited by the resource department of the RTS and finance their activities within their budget constraints. The selection process of trainers should be transparent making sure that all actors are informed beforehand when to apply and their expectations. They should not discriminate between members of different churches. The sub-directorate should be informed about the chosen criteria for selection.

In their level of operation, the trainers are high profile technicians of the project. They are either used as consultants, trainers and or supervisors in the RTS network.

Churches that are far off can send an expert to the training meetings. This person will then shoulder the responsibility to carry the training to different regions of the world, helping churches to be aware and participate.

Supervision of the work of these trainers and trainees is assured by the Permanent secretariat through the research sub-directorate which is linked to the training institute of the perfection ministry. Trainers undergoing training in the RTS project might also find it of interest to register into this training course of one year at pmti@perfectionministry.org.

Although all registered pastors are members of the ICC, and of the RCC and SRCC of their zones, not all participate in the superior church boards of the RTS. However, they can assume functions in the superior RTS offices by enrolling into the trainers program just like all other Christians. Commitment to the trainer's program therefore can take a zonal single church pastor to the international consultancy level of the RTS as explained in the trainer's guide. s
